LUNG HEALTH CONFERENCE

KISLHC

KENYA INTERNATIONAL SCIENTIFIC LUNG HEALTH CONFERENCE (KISLHC)

TB AND LUNG HEALTH SYMPOSIUM 2025

Symposium Theme:

“Innovation and Integration in Advancing TB and Lung Health Symposium”

DATE:

Monday 29th – Tuesday 30th September 2025

VENUE:

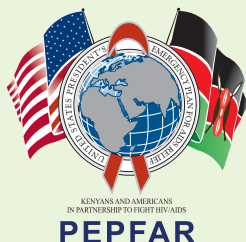

The Nairobi Hospital Convention Centre, Nairobi

MINISTRY OF HEALTH

NATIONAL TUBERCULOSIS, LEPROSY
AND LUNG DISEASE PROGRAM

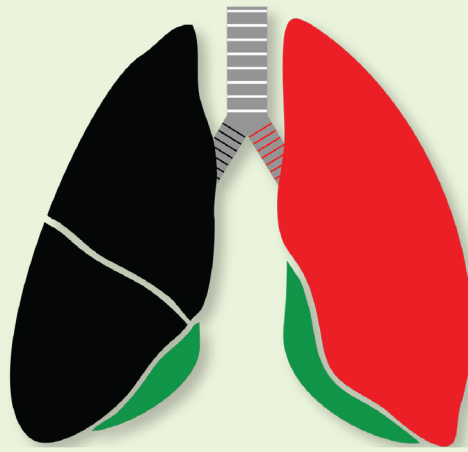

Centre for Health Solutions - Kenya

Preferred Partner for Health Solutions

**KENYA INTERNATIONAL SCIENTIFIC
LUNG HEALTH CONFERENCE**

KISLHC

Programme

KENYA INTERNATIONAL SCIENTIFIC LUNG HEALTHCONFERENCE (KISLHC)

Theme:

“Innovation and Integration in Advancing TB and Lung Health Symposium”

Organized by:

Respiratory Society of Kenya (ReSoK) and other technical partners.

Symposium Secretariat

Kenya International Scientific Lung Health Conference (KISLHC)

Tel: +254 721 721 979 / 734 982 535

MEMBERS OF THE TB AND LUNG HEALTH SYMPOSIUM 2025 ORGANIZING COMMITTEE

1. Chakaya Muhwa	-	Chair, Organizing Committee / CEO, ReSoK
2. Nkirote Mugambi-Nyaboga	-	Chair, Scientific Committee / Tamatisha TB (CHS)
3. Jumaa Bwika	-	ReSoK / Aga Khan University Hospital (AKUH)
4. Immaculate Kathure	-	Head, National TB Program (NLTP)
5. Jane Rahedi Ong'ang'o	-	Kenya Medical Research Institute (KEMRI)-CRDR
6. Evaline Kibuchi	-	Stop TB Partnership
7. Brenda Mungai	-	African Institute for Development Policy (AFIDEP)
8. Philip Kimani Muchiri	-	Clinton Health Access (CHAI)
9. John Mungai Ng'ang'a	-	Amref Health Africa In Kenya
10. Andrew Owuor	-	Kenyatta National Hospital (KNH)/ ReSoK
11. Jacqueline Kagima	-	Kenyatta National Hospital (KNH)/ ReSoK
12. Chrispine Okoth	-	Respiratory Society of Kenya (ReSoK)
13. Rhoda Pola	-	Respiratory Society of Kenya (ReSoK)
14. Antonette Otieno	-	Respiratory Society of Kenya (ReSoK)
15. Salim Masoud	-	Respiratory Society of Kenya (ReSoK)
16. Geoffrey Okallo	-	Kenya International Scientific Lung Health Conference (KISLHC)
17. Sam Muga	-	Tamatisha (CHS)
18. Asiko Ongaya	-	Kenya Medical Research Institute (KEMRI)-CRDR
19. Davis Karambi Karani	-	Clinton Health Access (CHAI)
20. Aiban Rono	-	National TB Program (NLTP)
21. Drusila Nyaboke	-	National TB Program (NLTP)
22. Godana Adano	-	National TB Program (NLTP)
23. Felix Mbetera	-	National TB Program (NLTP)
24. Boaz Ouma	-	Tamatisha TB (CHS)
25. Edel Sakwa	-	African Institute for Development Policy (AFIDEP)
26. Elizabeth Kendi	-	Kenya Medical Research Institute (KEMRI)-CRDR
27. Everlyne Agisa Kegode	-	Mount Kenya University (MKU) / GCH
28. Samuel Otido	-	Aga Khan University Hospital (AKUH)
29. Joan Kagema	-	Kenyatta National Hospital (KNH)
30. Justus Simba	-	Tamatisha TB (CHS)
31. Grace Kwamboka	-	Tamatisha TB (CHS)
32. Moses Alembi	-	Respiratory Society of Kenya (ReSoK)
33. Beatrice Agesa	-	Respiratory Society of Kenya (ReSoK)
34. Immaculate Akumu	-	Respiratory Society of Kenya (ReSoK)
35. James Juma	-	Respiratory Society of Kenya (ReSoK)
36. Claire Kamau	-	Respiratory Society of Kenya (ReSoK)
37. Sharon Jerono	-	Respiratory Society of Kenya (ReSoK)

MEMBERS OF SYMPOSIUM SECRETARIAT

1. Evaline Kibuchi
2. Geoffrey Okallo
3. Chrispine Okoth
4. Rhoda Pola
5. Antonette Otieno
6. Boaz Ouma
7. Moses Alembi
8. Beatrice Agesa
9. Edel Sakwa
10. Felix Mbetera

PROGRAM AT A GLANCE

Time	Session (Venue: Amphitheatre)	Duration
	DAY 1 - Monday 29th September 2025	
7:00am - 8:00am	Registration & CPD Scanning opens	
8:00am - 8:30am	Opening Symposium	30mins
08:30am-10:00am	Symposium 1: Upstream determinants and burden of TB and chronic respiratory diseases	90mins
10:00am-10:30am	TEA/COFFEE	30mins
10:30am-11:45am	Symposium 2: A new era in Global Health Financing: How do we navigate Funding landscape challenges in TB and lung health?	75mins
11:45am-13:00pm	Symposium 3: TB Prevention Strategies	75mins
13:00pm-14:00pm	LUNCH	60mins
14:00pm-15:15pm	Symposium 4: Diagnostics of respiratory diseases	75mins
15:15pm-16:30pm	Symposium 5: Care and treatment	75mins
17:30pm-18:00pm	Closing Reflections – Day 1	30mins
16:00pm-16:30pm	TEA/COFFEE	30mins
	DAY 2: Tuesday 30th September 2025	
7:00am - 8:00am	Registration & CPD Scanning opens	
08:00am-10:00am	Symposium 6A: Beneficiary outlooks / Lived Experiences	60mins
	Symposium 6B: Interventional of Pulmonology	60mins
10:00am-10:30am	TEA/COFFEE	30mins
10:30am-11:45am	Symposium 7: Chronic care for respiratory diseases (Post TB, Lung disease, Asthma, COPD)	75mins
11:45am-13:00pm	Symposium 8: Health System Strengthening	75mins
13:00pm-14:00pm	LUNCH	60mins
14:00pm-15:15pm	Symposium 9: Innovations and Research in TB and respiratory diseases	75mins
15:15pm-16:15pm	Symposium 10: Interventional of Pulmonology	60mins
16:15pm-16:45pm	TEA/COFFEE	30mins
16:45pm-17:15pm	Closing Symposium: Key Outcomes - Kenya's Lung Health Roadmap – From Research to Policy to Practice	30mins

Message from Chair, Organizing Committee

Ladies and Gentlemen, Distinguished Guests, Esteemed Colleagues, and Friends,

It is with great pleasure and my profound honor to welcome you all to the TB and Lung Health Symposium 2025.

On behalf of the organizing committee, I would like to extend a warm and heartfelt welcome to each of you.

We are thrilled to gather together experts, practitioners, researchers, and lung health advocates united by our shared commitment to advancing lung health in Kenya.

Our theme this year is “Innovation and Integration in Advancing TB and Lung Health Symposium,” a timely and critical topic that underscores the evolving nature of our understanding and approach to respiratory care.

The landscape of lung health is rapidly changing, and it is imperative that we continually adapt and innovate to meet new challenges and seize emerging opportunities. Redefining Lung Health is premised on key factors including; preparedness for future pandemics, also likely to be respiratory in nature, based on lessons learnt from the receding COVID-19, environmental changes occasioned by air pollution and climate change, advances in technology all on the backdrop of inequalities in lung health access and the need to provide patient centered care.

Over the course of this Symposium we will explore these themes through a diverse range of sessions, including panel discussions.

Let us embrace the opportunities to learn from one another, challenge our assumptions, and forge new pathways for improving lung health. Let us redefine what is possible and work together towards a future where lung health is no longer a privilege but a universal right.

I look forward to a memorable and impactful experience.

Karibuni Sana!

Prof. Jeremiah Chakaya

Chair - Organizing Committee

Message from the Head of Program

Welcome to the Lung Health Symposium: “Innovation and Integration in Advancing TB and Lung Health Symposium”

Ladies and Gentlemen,

It is with great enthusiasm and a profound sense of purpose that I extend my warmest welcome to you all as we gather for the Kenya Lung Health Symposium, under the transformative theme “Innovation and Integration in Advancing TB and Lung Health Symposium”. This Symposium comes at a pivotal moment for our nation and the global community. We stand united against the formidable challenges that lung diseases, especially tuberculosis, continue to pose. However, we are equally united in our commitment to overcoming these challenges and seizing the opportunities before us to make a lasting impact.

The theme of this year’s Symposium is a call to action an invitation to rethink our strategies, innovate our approaches, and renew our dedication to improving lung health for millions of Kenyans. Throughout this Symposium, we will engage in meaningful discussions, share latest research, and explore cutting-edge innovations and new approaches to lung health. It is not just a platform for dialogue but an opportunity to forge stronger partnerships, learn from each other’s successes and setbacks, and commit to actionable steps that will redefine lung health in Kenya for the better.

Our nation has made significant strides advancing TB treatment, increasing detection rates, and implementing new diagnostic technologies like AI-powered X-rays. Yet, challenges remain, from drug-resistant TB to gaps in treatment coverage, particularly among vulnerable populations. This Symposium is our opportunity to address these challenges head-on, with the collaborative spirit that defines our work. I am honoured to be a part of this important conversation and to work alongside such a dedicated group of professionals and advocates. I am confident that the ideas and initiatives that will emerge from our time together will drive us closer to a future where lung health is prioritized, and the lives of countless individuals are improved.

Thank you for your dedication to this cause.

I wish you all a productive and inspiring Symposium.

Warm regards,

Dr. Immaculate Kathure Ag. Head,

Division of Tuberculosis, Leprosy and Lung Diseases

Message from the Chair - Scientific Committee

Ladies and Gentlemen,

On behalf of the Scientific Committee, it is my great pleasure to warmly welcome you to the TB and Lung Health Symposium 2025.

This symposium serves as an important prelude to the larger Kenya Scientific Lung Health Conference in 2026, providing us with a timely opportunity to reflect on the latest scientific evidence that will shape policy and transform practice in lung health.

Over the next two days, we are privileged to have in our midst a diverse community, representatives from government, donors, implementing partners, patients, and advocacy groups. This gathering offers a unique space for meaningful face-to-face interaction among all key players in the lung health ecosystem. Together, we will not only examine the latest research findings and cutting-edge technologies, but also confront the persistent challenges of delivering better lung health services to our people. Our aim is to foster harmony in policy, strengthen good practice recommendations, and explore innovative ways to maximize the impact of the limited resources available to us.

We are honored to be joined by distinguished scientists, academics, industry experts, and policy leaders, both local and international, whose expertise will enrich our deliberations. The topics selected for this symposium reflect key priorities for strengthening lung health in Africa and across the globe. The program has been carefully designed to be both stimulating and relevant, featuring sessions that explore past lessons, present realities, and future directions in lung health interventions.

This symposium is not just about sharing knowledge, it is also about building networks, reinforcing evidence-based practices, and generating new ideas that will help us address the pressing respiratory health challenges of our time.

As Chair of the Scientific Committee, I extend my heartfelt appreciation to all organizers, speakers, and participants for making this event possible. I am confident that our collective efforts here will lay a strong foundation for advancing lung health in Kenya, for today, and for generations to come.

We look forward to an excellent meeting filled with engaging discussions, innovative insights, and inspiring collaborations.

With that, allow me once again to welcome you all to Nairobi, and to wish you a successful and fruitful symposium.

Dr. Nkirote Mugambi-Nyaboga

Chair- Scientific Committee

FULL SCIENTIFIC PROGRAM

“TB and Lung Health Symposium - September 2025”

Monday 29th - Tuesday 30th September 2025, Nairobi, Kenya

Venue: The Nairobi Hospital Convention Centre (TNHCC)

Time	Sno.	Session	Speakers / Chairs / Rapporteur	Duration
DAY 1 Monday 29 th September 2025 - Scientific Duty Officer: Rhoda Pola				
7:00am - 17:00pm	R1	Registration & CPD Scanning opens		
8:00am - 8:30am		Opening Symposium (Venue: Amphitheatre)	MC: Dr. Sam Muga	30mins
	1	Welcome Remarks & Symposium Objectives	Chair(s)- Organizing, Scientific Committees and CTLC/CDH	15mins
08:30am- 10:00am	S1	Symposium 1: Upstream determinants and burden of TB and chronic respiratory diseases (Venue: Amphitheatre)	Chair: Dr. Brenda Mungai Rapporteur: Grace Kwamboka	90mins
	1	What is the latest burden of TB and Lung Health in Kenya?	Aiban Ronoh	20mins
	2	Nairobi County TB Prevalence survey 2024: Has the prevalence changed since 2016?	Dr. Jane Rahedi Ong`ang`o	20mins
	3	Addressing Social Determinants of health: Poverty, stigma, nutrition, and mental health	Prof. Jeremiah Chakaya	20mins
	4	Q & A - Discussions		30mins
10:00am- 10:30am		TEA/COFFEE		30mins
10:30am- 11:45am	S2	Symposium 2: A new era in Global Health Financing: How do we navigate Funding landscape challenges in TB and lung health? (Venue: Amphitheatre)	Chair: Dr. Nkirote Mugambi-Nyaboga Rapporteur: Antonnete Otieno	75mins
	1	Lung Health in Kenya – Bridging Global Innovations and Local Realities	Dr. Immaculate Kathure	15mins
	2	Harnessing synergies between TB and primary health care towards universal health coverage	Dr. Clarice Ambale	15mins
	3	TB and Lung Financing in a shifting global funding landscape: Role of innovative financing	Dr. Jackson Otieno	15mins

	4	Panellist Discussion: Ministry of Finance representative, Ministry of Health representative, Head NTLD, WHO, ReSoK, Global Fund, StopTB Partnership, CHAI, AFIDEP	1. Ministry of Finance representative- Dr. Peter Kimuu 2. Head NTLD- Dr. Immaculate Kathure 3. Dr. Salome Okutoyi- US Department of State 4. Dr. Enos Masini- Global Fund 5. AFIDEP- Dr. Jackson Otieno 6. ReSoK- Prof. Jeremiah Chakaya 7. StopTB Partnership- Evaline Kibuchi 8. CHAI- Davis Karambi Karani	30mins
11:45am- 13:00pm	S3	Symposium 3: TB Prevention Strategies (Venue: Amphitheatre)	Chair: Dr. Simon Wachira Rapporteur: Edel Sakwa	75mins
	1	TB preventive therapy among Children and adult contacts and Persons Living with HIV	Dr. Grace Kaluai	20mins
	2	The TB Vaccine Pipeline: Implications for Kenya (M72/AS01E and others)	Dr. Videlis Nduba	20mins
	3	Reviving an Old Ally; Nutrition as a Forgotten Frontline in TB Prevention	Dr. Nkirote Mugambi-Nyaboga	20mins
	4	Q & A - Discussions		15mins
13:00pm- 14:00pm		LUNCH		60mins
14:00pm- 15:15pm	S4	Symposium 4: Diagnostics of respiratory diseases (Venue: Amphitheatre)	Chair: Asiko Ongaya Rapporteur: Sharon Jerono	75mins
	1	How do we find and diagnose the children with TB? Lessons learnt from the use of the 2022/23 childhood TB algorithm	Dr. Anne Marie-Macharia	20mins
	2	Screening for TB and Lung Diseases: Lessons Learnt from AI enabled Digital X-rays, Siaya County	Dr. James Wagude	20mins
	3	TB diagnosis: Near point-of-care tests using non-sputum-based samples	Dr. Enos Masini	20mins
	4	Q & A - Discussions		15mins
15:15pm- 16:30pm	S5	Symposium 5: Care and treatment (Venue: Amphitheatre)	Chair: Dr. Irungu Karuga Rapporteur: James Njuma	75mins
	1	Implementation of shorter term regimen for drug sensitive TB in children: Updates	Dr. Evelyne Agisa Kegode	20mins
	2	Gaps in the Tuberculosis Care Cascade Among Adolescents and Young Adults in Kenya	Rhoda Pola	20mins

	3	Are we offering Person-Centered Right based, Gender-Responsive care in TB and Lung Health? (To tackle age and gender in programming)	Dr. Brenda Mungai	20mins
	4	Q & A - Discussions		15mins
16:30pm-16:45pm		Closing Reflections – Day 1 (Venue: Amphitheatre)	MC: Dr. Sam Muga	30mins
16:45pm-17:15pm		TEA/COFFEE		30mins
DAY 2 Tuesday 30 th September 2025 - Scientific Duty Officer: Asiko Ongaya				
7:00am - 17:00pm	R2	Registration & CPD Scanning opens		
08:00am-09:00am	S6A	Symposium 6A: Beneficiary outlooks / Lived Experiences (Venue: Amphitheatre)	Chair: John Mungai Rapporteur: Francis Thairu	60mins
	1	Harnessing art (music, drama) for TB awareness	Group Team	15mins
	2	PTLD Survivor	Millicent Mutula	15mins
	3	TB Survivor	Nzeyimana Charles	15mins
	4	Q & A - Discussions		15mins
09:00am-10:00am	S6B	Symposium 6B: Interventional of Pulmonology (Venue: Amphitheatre)	Chair: Dr. Sam Muga Rapporteur: Edward Abuneri	60mins
	1	Management of Lung nodules and Lung Cancer	Dr. Naveed Mohamoud Merali	15mins
	2	Pleural Disease	Dr. Peter Munyu Waweru	15mins
	3	Chronic Airway Diseases	Dr. Naveed Mohamoud Merali	15mins
	4	Q & A - Discussions		15mins
10:00am-10:30am		TEA/COFFEE		30mins
10:30am-11:45am	S7	Symposium 7: Chronic care for respiratory diseases (Post TB, Lung disease, Asthma, COPD) (Venue: Amphitheatre)	Chair: Evaline Kibuchi Rapporteur: Immaculate Akumu	75mins
	1	Post TB Lung Disease in Children and Adults: Emerging Study Findings	Dr. Joy Githua	20mins
	2	COPD and Bronchitis Care in Resource-Limited Settings: Innovations and gaps	Dr. Mohamoud Abdulaziz	20mins

	3	Role of Pulmonary rehabilitation in Chronic Lung Diseases management	Erick Ouma	20mins
	4	Q & A - Discussions		15mins
11:45am-13:00pm	S8	Symposium 8: Health System Strengthening (Venue: Amphitheatre)	Chair: Drusila Nyaboke Rapporteur: Gladys Omboi	75mins
	1	Asthma in Kenya: Improving diagnosis, treatment access, and patient self-management	Dr. Samuel Otido	20mins
	2	Lung Health Implementation Research: Lessons learnt in Kenya / Intergrated diagnosis of chronic lung diseases in Kenya: Practical implementation	Dr. Ibrae Umuro	20mins
	3	Drug Resistance Surveillance: Findings from the latest survey in Kenya	Dr. Immaculate Kathure	20mins
	4	Q & A - Discussions		15mins
13:00pm-14:00pm		LUNCH		60mins
14:00pm-15:15pm	S9	Symposium 9: Innovations and Research in TB and respiratory diseases (Venue: Amphitheatre)	Chair: Christine Mwamsidu Rapporteur: Jackline Ogenga	75mins
	1	AI for TB elimination: Insights from Wadhvani AI Global	Prasaanth Balraj	20mins
	2	Modelling the Future: Insights from EPCON's TB modelling work	Dr. Sumbul Hashmi	20mins
	3	Advanced HIV Disease: Implications for TB and lung health services	Dr Marybeth Maritim	20mins
	4	Q & A - Discussions		15mins
15:15pm-16:15pm	S10	Symposium 10: Interventional of Pulmonology (Venue: Amphitheatre)	Chair: Ulo Benson Rapporteur: Edward Abuneri	60mins
	1	Innovations and Diagnostics (Panel discussion by QURE.AI)	1. Dr. Elijah Yulu 2. Dr. Nuru Chebet Mbarak 3. Dr. Robert Ndei Wathome	60mins
16:15pm-16:45pm		TEA/COFFEE		30mins
16:45pm-17:15pm		Closing Symposium (Venue: Amphitheatre)	MC: Dr. Sam Muga	30mins
	1	Summary of Key Outcomes- Kenya's Lung Health Roadmap – From Research to Policy to Practice	Dr. Nkirote Mugambi-Nyaboga	15mins
	2	Closing Remarks- National TB Program	Dr. Immaculate Kathure	15 mins
