Dear [Members Name]

RE: WELCOME TO THE RESPIRATORY SOCIETY OF KENYA

It is my great pleasure, on behalf of the Respiratory Society of Kenya (ReSOK), to warmly welcome you as a newly registered member of the Society. We are delighted to have you join our growing community of professionals committed to advancing respiratory and lung health in Kenya. Your registration marks the beginning of an opportunity to connect, learn, collaborate, and contribute to the continued development of respiratory healthcare.

As a member of ReSOK, you will have opportunities to participate in scientific conferences, educational programmes, professional development activities, research initiatives, and other Society programmes designed to strengthen knowledge and practice in respiratory health. We encourage you to actively engage with the Society, take advantage of the opportunities available to members, and share your knowledge and experience with fellow professionals.

Together, we can continue to promote excellence in respiratory care, support innovation and research, and improve outcomes for patients and communities across Kenya. We greatly value your decision to become part of ReSOK and look forward to your active participation in the Society's activities.

Once again, welcome to the Respiratory Society of Kenya. We are pleased to have you with us.

Your Sincerely,

Prof. Jeremiah Chakaya
CEO/Technical Director.
Respiratory Society of Kenya
